AMERICA'S PREMIER GIFT MERCHANDISE

COMBINING BEAUTY, UTILITY,
ENDURANCE
PRIDE OF POSSESSION,
JOY IN GIVING

A great many people have been making a mistake about gift giving. They give many gifts in the course of the year, and quite naturally they want those gifts to be the finest of their kind. But—and here is the mistake—they assume that the finest gift of its kind is necessarily expensive, too costly for their purpose. And so they choose something less than the finest, and thereby decrease the joy both of giving and receiving.

However, there are hundreds of thousands who have discovered that—THE FINEST PEN THE WORLD AFFORDS, LIFETIME FEATHERTOUCH, IS NOT A COSTLY GIFT.

Sheaffer's Lifetime Feathertouch pen is unique among gifts. It is the finest gift of its kind, the finest pen on earth. A thing of beauty, it is literally a joy forever because it is guaranteed for the lifetime of its owner, as the "White Dot" proudly proclaims.

Yet, compared to other fine gifts, many of them destined to be laid aside quickly, it can hardly be called expensive. It is a grave mistake to suppress the joy of giving and receiving the finest, when that can be had so reasonably in Sheaffer's.

SHEAFFER'S SALES SUCCESS EXPLAINED

Here you have the reason why Sheaffer's, a 26-year-old company, has long since achieved absolute leadership in the pen industry. For today, as always, dealers and public alike respond to sound goods of highest quality, rightly priced, and backed by the policies and the advertising that insure volume sales, fair profit, good wages, and satisfied customers.

Sheaffer's adheres to the idea that writing tools should be made for writing. Therefore, Sheaffer never has sponsored a gadget, a novelty intended to boost sales temporarily. Every change made by Sheaffer's has increased the usefulness and comfort of writing instruments.

Sheaffer's introduced the one-stroke lever filler and one-stroke vacuum filler, the secure

screw cap that replaced the insecure slip-cap; unbreakable Radite holders that made perishable hard rubber obsolete; streamlined Balance design that did away with cap top-heaviness and banished finger cramp; the Lifetime Guarantee, the Feathertouch point that writes fine or regular (this velvety, gold-and-iridium point has platinum INSIDE the tiny pen slit); the FLO-RITE feed that insures instant writing and adjusts the fluid flow to every handwriting speed; the clip that holds securely, releases easily, and doesn't tear pockets; the Dry-Proof desk set with point that stays ready-to-write indefinitely; the Propel-Repel-Expel pencil; and the first great pencil writing improvement in a quarter century—the FINELINE pencil, having strong DOUBLE-LENGTH THIN leads with 39% smaller writing point, and hence is PERMANENTLY sharp. Unless a writing set contains FINELINE, it is not modern.

PROFIT TRACES TO VALUE

For many dealers, Sheaffer pens earn more per foot of floor space, for wages and profits, than any other line they carry. The reasons are: Sheaffer's quality and price, Sheaffer's protective dealer policies, Sheaffer's satisfaction to customers and Sheaffer's ceaseless full-color, full-page special position national gift advertising in magazines and newspapers.

Read Sheaffer's booklet, "Fountain Pen Selling Facts." It proves Sheaffer's value by DIRECT COMPARISON with the rest. This shows why the Lifetime pen, identified by the White Dot, is the best for the dealer to handle, and for the customer to buy and give—why the Sheaffer line marks any store as pen headquarters in its community. Read also "The Merit System" and "How to Make Yourself More Valuable in the Selling Profession." A postcard to Sheaffer will bring you all three.

NOTE: This catalog is dated August 1, 1939. For obvious reasons all prices and specifications herein are subject to change without notice.

LIFETIME FEATHERTOUCH PENS MATCHED WITH FINELINE PENCILS

Sheaffer alone offers Lifetime pen gifts each guaranteed for its owner's lifetime. Sheaffer alone offers glass-smooth Feathertouch pen points. And Sheaffer alone offers the only really modern gift ensembles, for these writing sets contain Fineline pencils, first great pencil writing advance in a quarter century. Fineline thin lead is strong, double-length, with 39% smaller writing point, therefore PERMANENTLY sharp. Lifetime Feathertouch pens and Fineline pencils make the most modern gift ensembles, regally encased in DeLuxe presentation boxes.

Fineline

IN WORKING TOGS THE SENSATIONAL GIFT—WHEN \$1.00 TO \$2.50 IS THE BUDGET LIMIT

To friends, customers, and the youngsters—to draftsmen, architects, engineers, salespeople, office people, students—FINELINE has proven to be the minimum-budget gift without equal. Where else can so much beauty and usefulness be had at so little price?

FINELINE pencils and leads have turned a new page in writing history. Cleaner carbons, liner and faster writing, smoother performance, are FINELINE'S contributions. The thinner, stronger FINELINE double-length leads have a 39% smaller writing point—hence are **PERMANENTLY SHARP**—the goal of lead-makers since pencils were invented!

FINELINE leads, double-length, come in Red, Black, Blue, Indelible—all strong, all writing a dense hairline, hitherto impossible with a mechanical pencil.

Back for Black Leads or Blue for Blue Leads \$1.00.

Red for Red Leads \$1.00.

Gold-Capped \$1.85.

Gold Center Section \$2.50.

SUGGEST A DIFFERENT-COLORED FINELINE PENCIL FOR EACH OF THE DIFFERENT COLORED LEADS USED.

Spiral-Grip ends finger fatigue—tends to keep pencil turning slightly in use, thus keeping point at maximum sharpness.

SOUND VALUES AND DEALER PROTECTION

Through these last several years of upheaval, after so many individuals, dealers and large companies have put their trust in merchandise and in ideas of dubious value, and lost—we're all learning once more the lessons, the facts, that seemingly cannot change.

Two of those facts are: (1) Solid value, rightly priced and earnestly merchandised, will build business, create satisfied customers, and pay better than average wages to the people who make and the ones who sell. (2) It's up to dealers to protect themselves and their customers by featuring such goods.

When a store features Sheaffer's, it features the finest money can buy, in every price range. Supreme values to the customer, highest quality, soundest design and engineering, backed by 26 years of dealer protection and more than 10 million dollars in advertising, account for Sheaffer's leadership in the U. S. A.—for Sheaffer's lead in dealer volume and in public acceptance.
